LETTER TO THE OFFICIAL DRAFTSMAN

The Hon. Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

Subject to the approval of the Examiner in charge, please  
change the drawings in the above-identified application as  
indicated in red in the accompanying prints.

*Correction  
Approved

JF*  
In particular, the arrow indicating the electronics section  
30 in Figs. 2 and 3 has been moved to clearly show that element  
30 does not refer to the divider between the battery 32 and  
pump 28. Also, in Fig. 5, additional connector lines from ele-  
ment 318 to 328 and 328 to 330 have been eliminated. Further,  
in Fig. 5, a KEY PARAMETERS element connected to element 336 is  
now numbered 337. Also, battery 310 is now shown more clearly  
and arrowheads associated with elements 9, 300, and 328 have  
been added.

Respectfully submitted  
Robert E. Fischell
